More info...

SAN FRANCISCO, CA -- (Marketwire) -- 08/18/08 -- Six Apart , the world's leading blogging software and services company, announced today the launch of Blogs.com , a destination website that connects readers with the best blogs on a wide array of topics.

Blogging

Twitter cuts mobile service (Computer Active)

Micro-blogging service Twitter is cutting its mobile services in most parts of the world. The company said that it would be ending a programme which allowed users to receive Twitter updates via SMS.
